

Prospect Sleuth CRM

www.prospectsleuth.com

Are you a new or small business looking for a CRM system to effectively track sales leads and follow-ups ?

www.prospectsleuth.com

is a simple and no hassle online CRM.

Why choose us ?

Features

We also provide CRM consulting and will **custom build our core CRM** to meet your business needs and workflows. Visit **ProspectSleuth.com** for more details and to find out how this option can help streamline your business.

Finding the perfect Customer Relationship Management CRM can be a daunting task. Many expensive and complicated CRMs take too much time and money to get up and running.

We are the most affordable CRM on the market. Lead distribution, appointment calendar, notifications, follow up and call-back queue, data imports and more can all be seen in our Live Demo.

If you like what you see, start out with our functional free version that includes 1 user.

- Have your own dedicated database, not shared by the other members of Prospect Sleuth
- Immediate / priority support response & resolution time
- Have your own custom link/URL with login page
- Option to host a version on your own server, or host with Prospect Sleuth's powerful servers
